All healthcare facilities* are to submit their cases in accordance with the LTR's Timely Data Reporting Policy. The submission dates shown above include a *one-month grace period.* *Timely reporting dictates admitted cases shall be reported to the LTR **no later** than the **END** of each reporting month*.

*Healthcare facilities without a cancer registry whose medical records cannot be remotely accessed by the Louisiana Tumor Registry shall be exempt from this policy due to state travel restrictions and related expenses.

^All state vendors (EXCEPT CNExT) have released their latest v26 software updates. Thus, ALL NON-CNEXT **hospital registries should have already submitted their COMPLETED January-March 2026 cases no later than Oct 31, 2026.**

 # CNExT has still NOT successfully released their v26 updates preventing ALL CNExT facilities from transmitting their 2026 cases to the LTR. Due to these unprecedented vendor delays, ALL CNExT hospital registries will be given until January 31, 2027 to submit their COMPLETED January-June 2026 cases.

Please notify your regional director/coordinator ***immediately*** should any submission issues arise. In accordance with the aforementioned policy, failure to meet this submission schedule will be *handled on a case-by-case basis* by your regional director/coordinator and *may result* in a $45 per case abstraction fee or the actual cost of screening, abstracting, coding, and editing, whichever is greater levied by the LTR in agreement with the LTR's Legislative Rule (LAC 48:V. Chapter 85).
