TEACHING EXPERIENCE AND RESPONSIBILITIES

Clerkship Director

Community Health Clerkship, (1 credit hour, 12 contact hours monthly) Tulane University School of Medicine. Monthly 2013- 2018. Required course for 3rd and 4th year medical students. Developed and delivered curriculum for this new, required, non-clinical rotation focused on social determinants of health, cultural humility, and community-academic partnership. Developed community partnerships and coordinated placements for 15-20 students monthly.

Course Director

Health Education and Health Promotion Program Planning (3 credit hours). Tulane University School of Public Health and Tropical Medicine. Taught Fall and Spring 2014-2017. Graduate level, required course for MPH students in Global Community Health and Behavioral Sciences track. Guided students through development of public health problem statements, goals and objectives, logic models, program budgets, and project timelines. Introduced community assessment techniques and strategies for effective community engagement in program development and delivery.

Course Director

Program Planning and Development, (3 credit hours) LSU School of Public Health. Teach once per year in Fall, 2020- present. Graduate level, required course for MPH students in Behavioral and Community Health Sciences. Guide students through development of public health problem statements, goals and objectives, logic models, program budgets, and project timelines. Introduce behavioral theories, community assessment techniques, and strategies for effective community engagement in program development and delivery.

Teaching Assistant

Maternal and Child Health Policy, (3 credit hours) University of Arizona College of Public Health. Graduate level. Fall 2006. Graduate level required course for MPH students in Maternal and Child Health. Graded assignments and mentored students.

Teaching Assistant

Introduction to Maternal and Child Health, (3 credit hours). University of Arizona College of Public Health. Fall 2006, Fall 2007. Graduate level required course for MPH students in Maternal and Child Health. Graded assignments, mentored students, delivered lecture on family planning.

Teaching Assistant

Introduction to Maternal and Child Health, online version. (3 credit hours). University of Arizona College of Public Health. 2007. Graduate level. Converted course content into online format by developing discussion boards and voicing over power point presentations.

“Corporate social responsibility: Possibilities for improving global health.” (1 contact hour) Guest lecture for Introduction to Global Health, University of Arizona College of Public Health. Spring 2008. Undergraduate level. Discussed how corporate social giving programs can be leveraged to improve health and education among farmworker communities.

“Community-based health assessment.” (3 contact hours) Guest lecture for Community Organization Tulane University School of Public Health and Tropical Medicine. Spring 2011 Graduate level. Provided overview of techniques for conducting community health assessments focused on identifying assets and how these assets can be leveraged to develop community health programs.

“Community health service delivery models.” (1 contact hour) Guest lecture for Community Organizing. Tulane University School of Public Health and Tropical Medicine. Once each year, Fall 2011-Fall 2013. Graduate level. Provided an overview of the Federally Qualified Health Center system and discussed other forms of community health services delivery including mobile medical units.

“Strategies for community engagement in research.” (3 contact hours). Guest lecture for Cultural Competence in Health Care. Tulane University School of Medicine. Spring 2012. Graduate level. Discussed how clinicians can collaborate with community organizations to increase relevance of and participation in research.

“Strategies for success in community-based work.” (3 contact hours). Guest lecture for Community Health Elective. Tulane University School of Medicine. Spring 2012. 4th year medical students. Described how medical students and clinicians can collaborate with community organizations to address community-identified health problems.

“Community health workers: Building capacity to address health disparities.” (3 contact hours). Guest lecture for Cultural Competence in Health Care. Tulane University School of Medicine. Once each Spring, 2012-2015. Graduate level. Provided an overview of the community health worker workforce and described how community health workers can be involved in interventions and research to promote health equity.

“Administrative and policy assessment in program planning.” (3 contact hours) Guest lecture for Health Education and Health Program Planning. Tulane University School of Public Health and Tropical Medicine. Fall 2013. Graduate level. Reviewed strategies for aligning program development plans with existing policy and administrative structures.

“Community Health Workers and Making the Most of Community Based Care.” (3 contact hours). Instructor for Interdisciplinary Research Seminar. Tulane University School of Medicine. Quarterly 2013-2015. 3rd and 4th year medical students. Delivered an overview of the community health worker workforce, supervision techniques, and facilitated discussion about how community health workers can support care for underserved populations.

Foundations in Medicine Ethics Seminar. (3 contact hours). Facilitator. Tulane University School of Medicine. 3 times per year, 2013-2017. Required seminar for 1st year medical students. Facilitated discussion of ethical issues in healthcare related to delivery of care and research.

Led revision of Health Education and Health Promotion Program Planning (3 credit hours) curriculum at Tulane University School of Public Health and Tropical Medicine. 2014.

Led revision of Program Planning and Development (3 credit hours) curriculum at LSUHCS-New Orleans. 2020.

Community Training

LSU Community Health Worker Core Competency Training (40-80 contact hours). 25 cohorts, 360 students since 2011, including 14 cohorts, 255 community health workers trained since the COVID-19 pandemic began. As the only state-recognized community health worker training program, provide training in core competencies including conducting outreach, communication, community assessment, advocacy, health system navigation, health education, and capacity building. Community health worker employers throughout the state request this training and trainees have gone on to work for the Louisiana Office of Public Health, LSU Shreveport, Resilience Force, Ashe Community Center, City of New Orleans, Healthy Blue, Aetna, Louisiana Primary Care Association, the Formerly Incarcerated Transitions Clinic, DePaul Community Health Centers, Ochsner, Volunteers of America, Women With A Vision, Tulane Community Health Center, Access health, Tulane School of Public Health, and Capital Area Human Services District, among other agencies.

Creation of Enduring Teaching Materials

1. **Wennerstrom A.** Louisiana Community Health Worker Institute Core Competency Training Program. May 2012. 80 contact hour program developed as part of U.S. Department of Labor grant. Available through Louisiana Community Health Worker Institute at LSUHSC- New Orleans.
2. **Wennerstrom A.** HRSA/Texas AHEC East Behavioral Health and Primary Care Integration Community Health Worker Training Manual. October 2013. 56 contact hour program developed as part of HRSA grant. Available through Louisiana Community Health Worker Institute at LSUHSC- New Orleans.
3. **Wennerstrom A.** Ochsner CMS Innovation Stroke Care Project Lay Health Educator Training Manual. March 2013. 40 contact hour program developed as part of CMS/CMMI Innovation grant program. Available through Louisiana Community Health Worker Institute at LSUHSC- New Orleans.
4. Sugarman M, Haywood C, **Wennerstrom A.** Louisiana Community Health Worker Institute Online Core Competency Training Program. September 2020. 40 contact hour curriculum developed for delivery of live online training, with 40 hours of supplementary training activities. Available through Louisiana Community Health Worker Institute at LSUHSC- New Orleans.

Students Trained

Medical Students

1. William Vail, Tulane University, 2013-2016
Formative research for development of a post-prison transition clinic; Academic mentor for Albert Schweitzer Fellowship
Outcome: First author on a peer-reviewed paper, co-author on two national presentations
2. Brain Yu, Tulane University, 2014-2015
Formative research for development of a post-prison transition clinic.
Outcome: Data collected resulted in a peer-reviewed paper

3. Katelyn Yoder, Tulane University, 2016-2018
Qualitative research on health care experiences of formerly incarcerated women.
Outcome: Co-author on a national presentation, data collected resulted in a peer-reviewed paper
4. Kristen Whalen, Tulane University, 2016-2018
Qualitative research on health care experiences of formerly incarcerated women
Outcome: Co-author on a national presentation, data collected resulted in a peer-reviewed paper
5. Charlotte McClean, Tulane University, 2016-2018
Qualitative research on health care experiences of formerly incarcerated women
Outcome: Co-author on a national presentation, data collected resulted in a peer-reviewed paper
6. Lauren Nguyen, Tulane University, 2020-2024
Qualitative evaluation of a peer support group for formerly incarcerated individuals.
Outcome: Co-author on a peer-reviewed paper; another under review
7. William Boles, LSU, 2020-2024
Qualitative evaluation of a peer support group for formerly incarcerated individuals.
Outcome: First author on a peer-reviewed paper, another under review
8. Tina Nguyen, LSU, 2021-2023
Qualitative research on the experiences of birthing during incarceration
Outcome: Project closed due to inability to recruit
9. Anwei Polly Gwan, LSU, 2021-2023
Qualitative research on the experiences of birthing during incarceration
Outcome: Project closed due to inability to recruit
10. Haley Beavers Khoury, LSU, 2023
Analysis of qualitative data on healthcare providers' experiences of providing care to incarcerated patients
Outcome: Student poster presentation at LSU Medical Research Day, manuscript in development

MPH Students

1. Amy Jackson, Tulane University, 2012-2013
Qualitative research on community health worker training outcomes
Outcome: Data collected resulted in a peer-reviewed paper
2. April Schmidt, Tulane University, 2012-2013
Qualitative research on community health worker training outcomes
Outcome: Data collected resulted in a peer-reviewed paper
3. Danielle Walden, Tulane University, 2012-2013
Qualitative research on community health worker training outcomes
Outcome: Data collected resulted in a peer-reviewed paper
4. Sarah Batta, Tulane University student, 2012-2014

Qualitative research on community health worker training outcomes
Outcome: Co-author on a peer-reviewed paper, co-author on a national presentation

5. Miranda Pollock, Tulane University, 2016-2018
Research on community leadership development institute
Outcome: Co-author on two peer-reviewed papers, co-author on two national presentations
6. Julia Silver, Tulane University, 2016-2018
Research on community leadership development institute
Outcome: Co-author on two peer-reviewed papers, co-author on two national presentations

Doctoral Students

1. Ashlee Walker, Tulane University , 2015-2017
Qualitative research on intimate partner violence
Outcome: Co-author on peer-reviewed paper, co-author on a national presentation
2. Rebecca Atkinson, LSUHSC SPH, 2019-present
Quantitative research on behavioral health services use in Louisiana prisons
Outcome: Completion of dissertation
3. Jarrod Wall, Tulane University, 2019- present
Qualitative evaluation of a peer support group for formerly incarcerated individuals
Outcome: Co-author on a peer-reviewed paper; another under review
4. Sara Crosby, 2020-2021: Graduate research assistant
Examining health effects of incarceration
Outcome: Data collected supported development of a legislative report
5. Casey Thomas, 2020-2022
Qualitative research on school-based health center impact on youth behavior
Outcome: Completion of dissertation, first author on a peer-reviewed paper
6. Lisa Moses, 2020-present
Exploration of social support among young women with breast cancer
Outcome: Dissertation in progress
7. Olivia Sugarman, 2018-2022
Community-academic partnered research; evaluation of HIV support programs for people transitioning from incarceration.
Outcomes: Nine publications, completion of dissertation, paper in progress
8. Willandra Whiting, 2021-present
Major advisor for study on PReP use among African Americans
Outcome: Dissertation prospectus in progress
9. Kelsey Witmeier, 2022-present
Evaluation of a national community health worker training and technical assistance center

Outcome: 4th place poster presentation award at LSUHSC Graduate Research Day;
Presentation at APHA Annual Meeting

10. Precious Comeaux, 2022-present

Evaluation of Louisiana community health worker programs

Outcome: Dissertation prospectus in progress

11. Dakshu Jindal 2022-2023

Study of community health worker roles in Medicaid Managed Care

Outcome: Three publications

Dissertation committees

Student: Rebecca Atkinson

Institution: LSUHSC, SPH, BCHS

Title: Assessing outcomes among individuals with serious mental illnesses incarcerated in Louisiana correctional facilities

Period: 2019- present

Role: Member

Student: Lisa Moses

Institution: LSUHSC, SPH, BCHS

Title: The relationship between perceived social support and quality of life among young women with breast cancer

Period: 2020-present

Role: Member

Student: Casey Thomas

Institution: LSUHSC, SPH, BCHS

Title: A mixed methods approach to explain the relationship between school-based health centers and education outcomes

Period: 2020-2022

Role: Member

Student: Olivia Sugarman

Institution: LSUHSC, SPH, BCHS

Title: HIV outcomes after release from state corrections: Examining the effects of two pre-release interventions

Period: 2020-2022

Role: Member

Student: Willandra Whiting

Institution: LSUHSC, SPH, BCHS

Title: Use of PReP among African American Medicaid members (title in development)

Period: 2021- present

Role: Chair

Student: Meaghan Donewar

Institution: LSUHSC, SPH, BCHS

Title: Urban-rural differences in social isolation (title in development)

Period: 2022- present

Role: Member

Student: Precious Comeaux

Institution: LSUHSC, SPH, BCHS

Title: Evaluation of Louisiana community health worker programs (title in development)

Period: 2022- present

Role: Member

Terraces on Tulane Community Health Worker Program Evaluation

3/1/24-4/30/25

Contract amount: \$75,000

Role: PI

10%

Unfunded Research

Life Beyond Bars PhotoVoice Project

2019-2023

Role: Co PI with G. True and A. Niyogi

Submitted, Not Funded

Center for Climate and Health Equity

1/1/23-12/31/24

Grant amount: \$1,400,000

Role: CI

5% effort

Dual PIs: Springgate and Palinkas

MacArthur Foundation

Transforming Health in the Mississippi Delta Region

9/1/20-8/31/25

Funds requested: \$20,000,000

Role: Multiple PIs with Bazzano and LaViest
