STAGE AT DIAGNOSIS DISTRIBUTION

of new cases were found at early stages (localized)

Getting vaccinated for HPV can help prevent Cervical Cancer

6% Unstaged

> 1 National Cancer Institute Cervical Cancer Prevention PDQ, 2024 2 State Cancer Profiles, National Cancer Institute and Centers for Disease Control and Prevention, 2024 3 Centers for Disease Control and Prevention, BRFSS Prevalence and Trends Data 2020 + Survival estimates are based on

cases diagnosed 2010-2020 and followed through 2021

Prevalence counts are an estimate of the number of survivors on 1/1/2021 who were diagnosed between 2000-2020

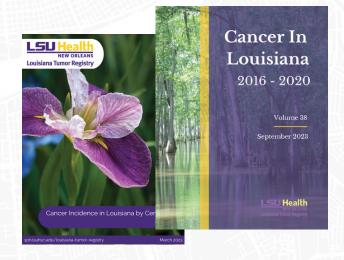

Created by James Kinchen Updated by T. Nguyen & I. Wagner | July 2024

OUR VISION One of 22 NCI-designated SEER cancer registries that gather information about cancer cases to help guide policies for cancer prevention, early detection, diagnosis, treatment, prognosis and survivorship.

To collect and report complete,
high-quality, and timely
population-based cancer data in
Louisiana to support cancer
research, control, and prevention.

To reduce suffering and death from cancer using information collected by the Louisiana Tumor Registry.
