

**CLOSING THE "KNOW-DO" GAP:
Unlocking the Potential of
Implementation Science to Optimize
HIV Prevention and Treatment
Outcomes Globally**

Presentation by Dr. Joseph "Greg" Rosen

Assistant Professor of Medicine and Epidemiology at Brown University and a Research Scientist at Rhode Island Hospital. He leads implementation science research at the intersection of HIV treatment, substance use, and harm reduction, with work spanning sub-Saharan Africa and the U.S., and has published widely on strategies to optimize care for marginalized populations.
