- Since 2005, NIH has posted all grant and cooperative agreement notices of funding opportunities (NOFOs) in both <u>Grants.gov</u>, a federal-wide portal for discretionary funding opportunities, and the <u>NIH Guide for Grants and Contracts</u> (NIH Guide). Both have served as official sources for NIH NOFOs.

What to Expect in FY2026

- NIH NOFOs will no longer be accessible from the NIH Guide.
- All NIH NOFOs (expired and active) will remain searchable on Grants.gov using their <u>Classic search</u> or their new <u>Simpler search</u>.
- NOFOs will no longer be included in the weekly <u>NIH Guide Table</u> of Contents subscription emails. You can use <u>Grants.gov</u>

- <u>subscription services</u> to receive notifications of new NIH funding opportunities.
- NIH will continue to provide tools in the <u>Funding</u> section of <u>NIH</u>
 <u>Grants & Funding</u> to identify potential funding categories, topics, and opportunities you may be interested in. Any funding opportunity identified through our site will link to Grants.gov for the official opportunity posting.
